

Show Centre going to the dogs in 2008

Sussex, NB – “The National Agility Championship competition is coming to Sussex in 2008,” said Ralph Cunningham, Chairman of the Board of Directors of the non-profit organization that operates the Princess Louise Park Show Centre. “The Show Centre’s stable facilities will be used for kennelling the expected 400 to 500 dogs and the arena as a warm-up and prize presentation area in the event of inclement weather. We’re thrilled to add this event to our packed roster for the 2008 show season, once again demonstrating the variety of ways the Show Centre’s facilities can be used.” (see www.aac.ca)
