

Information for all users of Princess Louise Park Show Centre

- 1. PLP Show Centre facility includes only the barns and indoor show ring arena.**
- 2. Outside practice area and Cattle Penning ring may be available for warm up but are “USE at OWN RISK”.**
- 3. Electrical service is 15 amp only.**
- 4. Show ring and practice areas must be vacated before any grooming will take place.**

Operating Procedures

- 1. Grooming of show ring and practice areas. Show committees will schedule grooming times with PLP management and notify participants when grooming will take place and to vacate the area.**
- 2. Outside areas will be groomed a maximum of two pre-scheduled times per day and water will only be applied if temperature is below 23 C and wind is less than 10 kph.**
- 3. Arena lighting will be available until 10 pm unless prior arrangements are made by the Show Committee.**
- 4. Due to the diverse needs of the many different users of the facility, the footing will be maintained as best as possible for all users. Specific grooming requests are to be made through the individual Show committees for their requirements prior to the event.**
- 5. Show committees are to pre-arrange set up and layouts. Requests to move walls, partitions and doors must be made through the Show Committee to PLP management.**
- 6. All areas used by an event will be charged for regardless of use or security – animal, tack, hay or commercial area.**
- 7. Events not exceeding the capacity of one barn will not be permitted access to a second barn. If requested, a second barn will be opened but a minimum fee will be charged.**
- 8. All requests and complaints must go through the Show Committee/ Organizer to PLP management for resolution or to be referred to the Board of Directors. All complaints must be in writing so that appropriate remedial action may be taken by the Board.**
